Title of Hearing: 99ers-Long Term Unemployed

My statement is simple please help us! I have been unemployed for over 2 years now and there is nothing out there, no jobs... I have called, emailed, interviewed and nothing. I worked for the same company for almost 12 years before I was let go for no fault of my own and now I am close to being homeless with my three girls.

Again, my statement is simple please just help us! If you all bailed out Wall Street please bail out Main Street, we need your help...please!
